EVERYBODY WONDERS

What we are going to do with this Enormous Stock of Dry Goods.

If you will only visit our house, no explanation will be necessary. Seeing will be convincing.

THIS STORE sold more dry goods since last Monday morning than during any five days of its history. They come in car loads and go out by the wagon load. Every wagon train from San Angelo takes dry goods from Probandt's.

It is impossible for us to detail prices and names of dry goods in the short time we have to write advertisements. Our goods advertise themselves.

People tell us we are carrying the largest stock in the city. They must know, we are so busy we can't tell what our neighbors have.

If you come to see us, we will supply your wants as we are daily doing for your friends.

If you don't see what you want, ask for it, we have it. Good Goods at unmatched price.

Ladies' Tailor made suits made to order and measure no extra charge.

Pecos County Pickings.

John Teel returned Monday from the eastern part of the state where he went some months ago with Bernie Riggs with horses. The horses they failed to sell were brought back to this country. Bernie did not return with John but went to the Territory.

J. B. Harrington and son, Lee, from Sweetwater, brought a bunch of horses from Nolan county to P. C. Franklin's pasture near Adams and came on up to town Wednesday to spend a week or so. Mr. Harrington is the father-in-law of Jim Burley of the firm of Richardson & Burley.

Ben Palmer and Henry Heslin were in Stockton Monday night on their way to Marathon winding up a trip to Mexico where they have been buying Polo ponies. They bought several from Livingston Bros. and others east of town.

Judge F. W. Young reported that he struck oil last Saturday in the well being put down on his ranch north of town. Owing to the fact that the drill was lodged late Saturday it is hard to tell what the strike will amount to, but the Judge is very much enthused and we sincerely

ly hope his enthusiasm is well founded.

W. C. Crosby and Zeke Shaw returned Sunday from the Crosby Bros. ranch where they went last week to brand. Mr. Crosby informed us that he and John Crosby sold their interests in the ranch to their brother, Richard, who will shortly build and move to the ranch. John and his family will in the near future move back to Blanco county, their former home.

Mr. Simon Kinsella, of El Paso, who is interested with Senator Turney and others in prospecting for oil in this county, arrived Tuesday evening on the stage from Moonahans to spend a day or two here. Mr. Kinsella says their boring machinery is now on the way from California and that his company will begin operations in a short time. While here he contracted with J. H. Crawford for fuel to run their machine.

SAVAGE & CONOVER.

Geo. B. Hendricks shipped three cars of fat beeves yesterday from his Miles ranch to the Chicago market. Runnels county has fat cattle on the range yet, and Mr. Hendricks has plenty of grass to carry his cattle through the winter without feed, in fact, he has one of the finest ranches in the West.—Miles Messenger.

Many physicians are now prescribing Kodol Dyspepsia Cure regularly having found that it is the best prescription they can write because it is the one preparation which contains the elements necessary to digest not only some kinds of food but all kind and it therefore cures indigestion and dyspepsia no matter what its cause.
